No, at this point they are pretty strict... they can only go to the end of the year... and then they will need to reissue, due to their own funding system...

I had a chat with the R6 folks on Friday telling them to try to get FEMA to extend the end dates of these Mission Assignments into FY18 so we could use 17/18 BR instead of 16/17 BR. With the new payroll system coming on board in October it would be a great help to all if FEMA would accommodate the request. However, knowing how FEMA works, I wouldn't hold my breath on that issue.

16/17 BR

We only have one MA so far, but it does not extend into Oct, in order to use 17/18...

So far only \$20K

Hi, Greg/Carol/Molly,

In which account are we receiving FEMA's requests?

+Jody. Thanks for the heads-up Mustapha. What EPA accounts is this work being done under?

Hi, Scott,

Just a heads up. We have been contacted by FEMA for reimbursable work and we may need additional reimbursable authority from OMB in case we are getting close to the apportioned level.

Thank you,
